# Carlton Cricket Club

THE CARLTON CRICKET CLUB having attained its Fiftieth Birthday this year, it has been decided to hold a Fancy Fair and Carnival to celebrate the occasion in a fitting manner, and at the same time raise Funds to improve the Ground and carry on the Club in such a way as its reputation deserves. It is impossible to give anything like a retrospect of the Club's doings here, but those desirous of acquainting themselves with its history can still obtain the Booklet published in 1904, which describes minutely the career of the Club from its birth. On the opposite page will be found a list of the names of the Office-Bearers from 1863.

Among the important events that stand out prominently none are so interesting as the venture of 1872, when owing to the exertions of Mr Robert H. Christie, who was at that time Secretary, the Club engaged the United South of England XI., captained by Dr W. G. Grace, whose first appearance it was in Scotland. The Carlton, as well as winning the game, netted over £100.

The Club has had many ups and downs, but it reached its high-water mark in 1900, when perhaps it could boast of the finest Club side that ever played together regularly in Edinburgh. No games were lost and the following were the averages:—

	Played.	Times not out.	Highest Score.	Total Runs.	Average.
G. W. Jupp	- - - 19	4	133*	915	61
A. Raffel	- - - 13	3	103*	385	38.5

In 1904 the Carlton Club entered a new phase, the taking over the present beautiful ground, Grange Park, and to enable it to do so a Fancy Fair and Carnival was held,

and sufficient money was raised to build a Pavilion and lay out the ground for cricket. From that time it has never looked back and no Club in Scotland can claim such a record, a minimum number of matches lost being the invariable rule and that without the aid of a Professional. Last year only 1 match was lost and 16 won; in 1909 1 match was lost and 20 won; in 1907 2 matches were lost out of 21 played. The Records and Averages for the three years mentioned are given to show the standard of excellence attained.

## THE TURNBERRY

This neat four-gored Skirt is designed in real Irish Tweed, at present so fashionable, and of which we are showing a good selection of pretty mixtures. Real Harris and Islay Tweeds can also be used if preferred. For ordinary wear or sports use we can confidently recommend the Turnberry; it is made in our own workrooms and is finely finished throughout. We can also make this shape with ordinary waist

The Turnberry may be had on approval if desired

Everything for the Ladies' Wardrobe is carefully treated at this house and we issue a series of fine illustrated Catalogues descriptive of some of our exclusive novelties. Our general booklet is most comprehensive, while our Ready-to-Wear Hats, Knit Goods, and Scottish Clan Tartans numbers specialise, as their titles suggest, in those branches of our business. C. S. Paterson also took 9 wickets, 179 runs.

From these few notes enough can be gathered to show how the Cricket Club stands, but in connection with it a Golf Club was started and achieved fame by winning the first Dispatch Trophy outright and also won the present Trophy in 1903.

In the year 1906 a Hockey Club was started by Dr Stevenson, and immediately quite a remarkable run of success was attained. In its first year it was second in the so-called championship, then won it outright without a single defeat in its second year. The two following years it was second, and in 1910-11, with no fewer than seven internationalists in its ranks, it again won the championship without defeat, scoring a record number of goals, 109 against 8. During this last season once more the championship was won without defeat, and this was all the more remarkable as eight of the previous year's champion XI. had left, so that with a new team the Club kept up the wonderful record. Nothing in the history of sport can exceed this. It may be interesting to note that the latest addition to the Club was inaugurated last year in the shape of a Ladies' Cricket Club, and it promises to rival the success of the parent body.

*Sports Warehousemen and Golf Club Makers*

For years past we have devoted special attention to the perfecting of the principles of rod-making, as a result of which we are now in a position to turn out rods which for lightness, strength, casting, and killing power over fish, combined with our high-class finish, stand unequalled. Our special productions include

The "DUNKELD" Greenheart Rod, in all lengths, for trout and salmon; 3 joints, 2 tops.

The "PRINCESS" Greenheart Rod, in 9, 9½, and 10 feet; 3 joints, 2 tops; weighing from 4½ to 6½ ozs.

The "FEATHERWEIGHT" Greenheart Rod, in 8, 8½, and 9 feet; 3 joints, 2 tops; weighing from 3½ to 4½ ozs.

The "COMBINATION" Rod, built up in sections of Cane and Greenheart. This we have proved to be far superior and stronger than Split Cane and much lighter than those with Steel Centres.

All the above Rods are fitted with our patent "Simplex" sockets and reel fastenings. Cork or polished wood grips. Agate or spiral rings.

The really particular man will find in our stock just the right thing to suit his palate.

Our stock of high-class wines is particularly selected, and we shall be glad to advise as to the best vintages.
